F. 55-93, dated 3rd August 1902, and requests him to state what action, if any, has been taken in the matter of training women of better castes and respectability as sick nurses, and whether the annual contribution of Rs. 600 will be credited to the Medical budget or to the District Fund budget.
2	From the Senior Surgeon and Sanitary Commissioner, No. G. 367, dated 8th April 1903. Informs that three women are being educated, two at Mysore and one at Bangalore, and states, that the sum of Rs. 600 referred to is treated in the same way as the Countess of Dufferin Fund belonging as it does to the Lady Curzon Fund, and that therefore it cannot be credited either to the Medical or to the Local Fund budget.
3	To the Senior Surgeon and Sanitary Commissioner, No. 15466, dated 30th April 1903. Requests him to submit a full report as regards the grants from the Lady Dufferin Fund and Lady Curzon Fund, as also a statement showing— (1) the amounts received from the said funds and the expenditure incurred therefrom, (2) by whom they are administered and from what year (3) where the savings, if any, are lodged.

6 From the Comptroller in Mysore, No. 1084 –391, dated 19th August 1903.
States that the two contributions may be treated as Trust Funds, all receipts therefrom to be credited and charges thereto debited in the accounts under Public Debt, two distinct heads being opened one for L. dy Dufferin Fund and another for Lady Curzon Fund, and that the charges may be drawn on bills countersigned by the Senior Surgeon.

7 To the Senior Surgeon with copy of Serial No. 6, to the Comptroller, Mysore, No. 660-1, dated 1st September 1903.
Directs that a copy of Serial No. 6 be sent to the Senior Surgeon with a request that the procedure therein prescribed be followed in regard to the credit of contributions received annually from the two funds referred to and the expenditure incurred from time to time.

8 From the Senior Surgeon, No. G. 194, dated 22nd October 1903.
States that the Lady Curzon Fund is really the Victoria Memorial Scholarship Fund, that he has no notion of what it means by a copy of the above letter having been sent to him, unless there are other moneys in charge of Government belonging to these two funds besides the money now in the Bank in the name of the Senior Surgeon, that in respect of the latter no one but the Honorary Secretary who is directly responsible to the Central Committee has any control over it and that all the Government of Mysore has to do with it is to permit its Senior Surgeon to be Honorary Secretary and to place its hospitals at his disposal for the purposes of the funds.

9 To the Senior Surgeon, No. 2581, dated 12th January 1904.
Requests him to state what grants, if any, were made from State Revenue to each of the above funds and to submit for reference his office file of papers relating to these funds particularly those constituting the Senior Surgeon as the Honorary Secretary and also the annual reports received in his office on the working of the Lady Dufferin Fund.

10 To the Comptroller in Mysore, No. 2580, dated 12th January 1904.
Requests him to state what grants, if any, were made from the State to the Lady Dufferin and the Lady Curzon Funds.

11 From the Comptroller, No. 4154—726, dated 30th January 1904.
States that no grants were made to the funds referred to.

12 From the Senior Surgeon (Col. Benson), No. G. 413, dated 4th February 1904
Referring to Serial No. 9 states that there is no office file to show that the Senior Surgeon was constituted the Honorary Secretary of the Dufferin Fund, that he was appointed Honorary Secretary at the time of the meeting held at Mysore in 1887, in the Rangacharlu Memorial Hall, that at that time he was Civil Surgeon of Mysore, that the amounts invested in the Bank are in his name and that of Mr. T. V. Armugam Mudaliar, that on receipt of the annual reports a copy will be sent, and that he is glad to be relieved of all responsibility in connection with the funds of these two societies if Government are prepared to take over the amounts as trusts and pay interest at the rate of 5 per cent, the same as is now being obtained.

13 From the Senior Surgeon, No. G. 591, dated 3rd June 1904.
Forwards 19th annual Report of the National Association relating to the Victoria Memorial Scholarship and the Countess of Dufferin Fund for the year 1903.

14 To Major R. Bird, I.M.S., Honorary Secretary to the Victoria Memorial Scholarships Fund and Lady Dufferin Fund, Calcutta, through the First Assistant to the Hon'ble the Resident in Mysore, No. 3127, dated 12th October 1904.
States that the Durbar have accepted in Government Proceedings No. 2273-84—L. F. 55-93, dated the 3rd August 1902, the responsibility of the trust in regard to the yearly contribution of Rs. 600 arranged for by Mrs. (now Lady) Robertson out of the Victoria Memorial Scholarship Fund for the training of women as sick nurses in the Province, that as Col. Smyth states that the above contribution is being treated in the same way as the Lady Dufferin Fund, that it is not a Government concern and had never before been treated as such, that all the Government has to do is to permit the Senior Surgeon to be Honorary Secretary, there is no definite arrangement at present as regards the control over the Funds, that the Comptroller is of opinion that the two contributions may be treated as Trust Funds, and requests to be informed of the views of the Central Committee regarding the administration of the two funds.

15 From the First Assistant to the Hon'ble the Resident, D O. dated the 15th November 1904.
Forwards a copy of the D. O. from the Honorary Secretary stating that the Executive Committee have so far found it convenient and sufficient for their purposes to place responsibility for the custody and disbursement of all remittances on account of the Victoria Memorial Fund on the officer to whom their payments are made, local arrangements being left entirely to this local Committee. (Enclosures D. O. and copy of rules.)

16 To Lady Robertson, D. O. dated 23rd November 1904.
States the facts of the case ending with Serial No. 15 that the Central Committee have opined that it is convenient and sufficient for their purposes to place responsibility on the officer to whom their payments are made, that thus the Senior Surgeon as a member of the Committee is responsible for the money received and the Government have no other concern with it except to permit nurses being trained in the State Hospitals and Dispensaries, and requests the favor of views in the matter before modifying the order.

17 From Lady Robertson, D. O., dated 15th December 1904.
States that she agrees with Col. Smyth and the Committee that it is unnecessary for Government to assume direct control of this account, all that appears desirable being to ensure that the Committee shall meet and examine the financial position periodically, so that the entire responsibility shall not rest upon the Senior Surgeon and that she knows how much Col. Smyth was himself in favour of such an arrangement which will afford formal scrutiny and efficient audit.

18 To the Senior Surgeon, and the Comptroller, No. 9569-70, dated 13th April 1905.
Directs that copy of Serial No. 17 be forwarded to the Senior Surgeon with reference to his letter No. G. 413, dated the 4th February 1904, for information and needful action.

SUBJECT. Lady Dufferin and Lady Curzon Funds.

In Govt. Pro. No.2273-84/L.F.55-93 dated 3rd August 1903 Govt accepted the responsibility of the trust in regard to the yearly contribution of Rs.600 arranged for by Mrs Robertson out of the Victoria Memorial Scholarship Fund for the training of women of better castes and respectability as sick nurses in the Province.

2. With reference to the above order, the Senior Surgeon was requested in this office docket No.14184/L.F. 55-93 dated 24th March 1903 to state whether any action had been taken in the matter and whether the annual contribution of Rs.600/ therein referred to would be credited to the Medical Budget or to the Distt Fund Budgets from which scholarships for midwives are met. On the Senior Surgeon replying that three women are being educated and that the sum of Rs.600 referred to is treated in the same way as the Countess of Dufferin Fund and that, therefore, the same cannot be credited either to the Medical Budget or to the Distt, Fund Budgets, he was asked to submit a full report as regards the grants from Lady Dufferin and Lady Curzon Fund as also a statement showing (i)the amounts received from the Funds and the expenditure incurred therefrom (ii) by whom they are administered and (iii)where the savings if any are lodged. Colonel Benson in reply reported that this not a Govt concern and had never heretofore been treated as belonging to Govt and that a copy of the annual Report of the Countess of Dufferin's Fund

Thereupon the entire correspondence was referred to the Comptroller for opinion, and he states that the two contributions received from the Lady Dufferin and Lady Curzon's Funds might be treated as Trust Funds, all receipts therefrom and all expenditure being credited and debited in the accounts under "Public Debt". Accordingly, Govt in their Pro. No. Fl.660-1 dated 1st September 1903, ordered that the Senior Surgeon should follow the procedure suggested by the Comptroller.

4. With reference to the above order, Col. 8. As regards the treatment as Trust funds of the contributions from the Lady Dufferin and Curzon Funds, which are invested in the Madras Bank in the names of Col.Benson and Mr.T.V.Armugam Modaliar,Col. Benson states as follows:-

" I need hardly say, that I shall be only too pleased to be relieved of all responsibility in connection with the funds of these two Societies. The above letter is forwarded to me for information, but I havent the least notion of what it means, unless there are other monies in charge of Government belonging to these two funds, besides the money now in the bank in the name of the Hon: Secretary to the Funds, Mysore, the Senior Surgeon. In respect to the money in the bank in the Hon: Secretary's name , no one so far as I can gather from the information available, has any control over it whatever, but the Hon. the Resident in Mysore.

Sir,

I am directed to state that the Durbar having accepted, in their Pro. No.2273-84/L.F.55-93 dated the 3rd August 1902, (copy enclosed), the responsibility of the trust in regard to the yearly contribution of Rs.600, arranged for by Mrs(now Lady) Robertson out of the Victoria Memorial scho-larships Fund for the training of women of ~~better~~ higher castes and respectability as sick nurses in the Province the Senior Surgeon was asked whether the said contribution would be credited to the public accounts and if so, under what head or account. But Col. Smyth states that the above contribution is being treated in the same way as the Lady Dufferin Fund, that it is not a Government concern, and has never before been treated as such that the contribution when received is credited to and drawn from the Bank, that

no

no one has any control over the money in the Bank except the Senior Surgeon in Mysore, who is the Honorary Secretary to these Funds and is directly responsible to the Central Committee and that all that the Government has to do is, to permit its Senior Surgeon to be the Honorary Secretary and to place the Hospitals and Dispensaries at his disposal for the purpose of the Funds.

2. There is thus no definite arrangement at present as regards the control over these Funds, which are managed by the Senior Surgeon as Honorary Secretary, but the Comptroller to the Govt of Mysore, who was consulted on the subject, considers that the two contributions ~~might~~ may be treated as Trust Funds, all receipts and expenditure being credited to and debited in the Public accounts under "Public debt."

3. I am, therefore, directed to ask the favour of your kindly ascertaining for the information of the Durbar, the views of the Central Committee regarding the Administration of the two Funds referred to.

Dear Sir,

With reference to your endorsement No.5221 of October 20th regarding the local funds of the Dufferin and Victoria Memorial Scholarships schemes, paragraph 3 of the rules and regulations for the administration of the latter fund states that"there shall be formed a local Committee in each centre of operations, consisting of the Civil Surgeon of the district, the wife of a senior Civilian,

and

and a Secretary selected by the other two members. The Executive Committee have, so far, found it convenient and sufficient for their purposes to place responsibility for the custody and disbursement of all remittances on account of the Victoria Memorial Fund on the officer to whom our payments are made, local arrangements being left entirely to this local Committee. In this connection I am also to invite attention to the circular letter(copy enclosed) issued last July to the various local Centres of the Fund. The certificate upon the attached form was drawn up with this object in view, and the Executive would prefer, if H.H. the Maharaja has no objection, not to disturb this arrangement, which of course applies uniformly to all the local Centres.

Similarly in the case of the Dufferin Fund. The Central Committee leave all responsibility for the custody and administration of local funds in the local Committee in accordance with No.18, of its rules(page 54 of the C.C's annual report for 1903)

Simla, the 16th *July 1904.*

DEAR

WITH reference to Rule (vi) of the Regulations for the administration of the Victoria Memorial Scholarships Fund (copy herewith), the Executive Committee have had under reconsideration the question of the expenditure of the money allotted to the various Provincial and Local Centres towards the objects of the Fund, and their responsibility in the matter of its control.

While the Committee are of opinion that any check which they desire to impose should be such as to give the local Centres as little trouble as possible, they feel that some formal assurance ought to be forthcoming periodically that all money so allotted is being properly expended, and that some system of account, however simple, is maintained locally of all the receipts and expenditure of the Centre concerned.

The Executive Committee would therefore ask that the Civil Surgeon or other person to whom remittances from the Fund are made payable will kindly watch this point ; and will sign the certificate, framed on the above basis, which is embodied in the form of which a specimen is attached. A copy of this form will be forwarded to each Centre annually (about October) in connection with
f the Central Committee, Countess of Dufferin's Fund, in
n so furnished will be duly incorporated.

I am,
yours truly,

Madam,

I beg to send herewith for reference, copy of a Government Order passed, while you were here, regarding certain scholarships from the Victoria Memorial Fund, for women to be trained as nurses. The Government having accepted the responsibility of the trust, the Senior Surgeon was asked whether the contribution would be credited to the public accounts. Col. Smyth however stated that the above contribution was being treated in the same way as the Lady Dufferin Fund, that it was not a Government concern, and had never before been treated as such, that the contribution when received was credited to and drawn from the Bank, that the Senior Surgeon being the Honorary Secretary to these funds was directly responsible to the Central Committee and that all that the Government had to do was to permit its Senior Surgeon to be Honorary Secretary and to place the Hospitals and Dispensaries at his disposal for the purpose of funds.

Thereupon, a communication was sent to the Central Committee for their views on the subject, and in their reply, it is stated that it is convenient and sufficient for their purposes to place responsibility for the custody and disbursement of all remittances on account of the Victoria Memorial Fund on the officer to whom their payments are made, local arrangements being left entirely to the local committee. The Senior Surgeon as a Member of the Committee, is thus responsible for the money received and the Government have no other concern with it except to permit nurses being trained in the State Hospitals and Dispensaries Before modifying the order, I have deemed

I agree with Colonel Smyth and the Committee that it is unnecessary for Government to assume direct control of this account. All that appears desirable is to ensure that the Committee shall meet and examine the financial position periodically, so that the entire responsibility shall not rest upon the Senior Surgeon. I know by personal conversation how much Colonel Smyth was himself in favour of such an arrangement which will afford formal scrutiny and efficient audit."
